

GETTING STARTED

Super Off Road is a game for up to 4 dirt grinding drivers.

1. With your Lynx system off, insert the game card as described in the Lynx Owners Manual.
2. Press **ON**. The Super Off Road opening screens appear, followed by the Game Setup display. Press **A** or **B** at the title screen to go to demo mode.
3. Press **A** or **B** again to log-in and truck selection screen.

Move Joypad **UP/DOWN** to select proper letter of initial.

Move Joypad **LEFT/RIGHT** to go from one initial to another.

Press **B** to change truck selection.

Press **A** to go to Speed Shop for purchasing options.

At the Speed Shop Screen:

Move Joypad **LEFT/RIGHT** and **UP/DOWN** to move selection box to proper purchase item.

Press **A** to purchase a single unit of the selected purchase item.

When shopping completed, move selection box to "Start Next Race" & press **A**.

COMLYNX

With up to 4 games and machines connected continue from "2" and enter players initials and truck selection as previously described and continue game play.

ON SCREEN DISPLAY

During the race the on screen display gives you the current race times and each trucks' position, plus the amount of nitro available - use this carefully and to your advantage.

RACING

Win races to earn prize money to enable you to buy improvements for your truck for your next race.

At the Race Screen:

Press **A** and hold to accelerate and maintain speed.

Release **A** to slow down.

Press **B** to use nitro burst.

Move Joypad **LEFT/RIGHT** to steer truck in proper direction.

At the Race Results Screen:

Press **A** or **B** to return to Speed Shop.

Repeat Speed Shop instructions.
